To: The entire CBMCG Team

We are delighted that CBMCG is a partner of the Norcraft Companies. At Norcraft there is always a variety of complex projects in process. We needed a services organization that has proven experience in the cabinet industry, Frontier Software, 2020, as well as sound business consulting.

CBMCG has met and exceeded our needs on all projects. We chose CBMCG for many reasons, but most importantly they are a quality organization that is extremely responsive and dedicated to providing sound solutions. CBMCG offers comprehensive technical support, as well as business solutions that meet our company direction. Norcraft has confidence with CBMCG's methodical approach to the software implementation process.

Norcraft enjoys working with CBMCG's professional team. We thank CBMCG for their devotion and dedication to making our projects a success.
