CBMCG has been, and continues to be, a valued partner for Showplace Wood Products. CBMCG has been great to work with because your company takes the time to truly understand our business in order to provide us with real solutions. The work is top-notch, and you continuously provide communication along the way. CBMCG's responsiveness is far beyond anything we've experienced with other vendors.

As we are a busy and growing company, it is refreshing to know that CBMCG will keep me informed throughout each and every project. Every member of CBMCG consults with me and with our project leaders every step of the way to ensure that the end result is exactly what we need.

Working with CBMCG is like having that extra employee who is ready, willing, and able to complete any task. We have used CBMCG for modifications, new in-house programs, and training, and CBMCG has come through every time. For consulting, programming, and even project management, CBMCG continues to exceed our expectations in every way.

We appreciate our partnership with CBMCG and we greatly value the knowledge and skills that you bring to the table. We look forward to continuing that relationship into the future!

Sincerely,

A handwritten signature in cursive script, appearing to read "Andrew Gilbert".
